

## OVERVIEW

EverSirius powerful soft LED panel EX120 is popular for broadcast studios because of its excellent appearance and performance. The wide CCT 2800K~6500K gives more color choice. It is flicker-free. Both CRI and TLCI are 96+. The fan-less design makes it perfect for TV studios. Moreover, both CCT and brightness can be quick preset. The 11 lighting effects makes it competitive and available for more application.
